

Safe & Sound: The Ultimate Family Travel Checklist

THE PREVENTION PROTOCOL

Use Wearable Identification

Use bracelets or temporary tattoos with a parent's phone number; avoid displaying full names.

Teach the “Lost Plan”

Instruct kids to stay still and find a uniformed worker or parent with children.

Take a Daily Photo

Capture a photo every morning so you have a current record of their outfit.

DESTINATION & TRANSIT SAFETY

Perform a 5-Minute Room Scan

Check hotels for uncovered outlets, dangling cords, and unsecured balcony access upon arrival.

Maintain Transit Safety Rules

Use age-appropriate car seats and keep kids buckled during flights to prevent turbulence injuries.

Appoint a “Water Watcher”

Designate one undistracted adult to supervise swimming without the distraction of a phone.
